Message from the **RECTOR**

A hearty welcome to Tezpur Science Academy!

Affiliated to Assam Higher Secondary Education Council, Tezpur Science Academy, endeavours to inspire our students and empowers as a life long learners, critical thinkers and productive member of an ever-changing society.

In Tezpur Science Academy, students are encouraged and motivated to upgrade the potential in the pursuit of excellence in a holistic and student friendly environment.

Since inception of this institute, it continued to move forward in the true spirit of ability driven education to both - the best and the weak students. We offer an academic programme that enables an overall development including personal and academe growth of students. The likelihood of achieving this in strengthened by very good facilities in the classrooms and laboratories and a very strong team of teachers.

I wish the vision of the institute is fulfilled in every steps.

PROF. MANABENDRA BHUYAN
RECTOR

From The **PRESIDENT'S DESK**

“Together may we give our children roots to grow and wings to fly.”

Tezpur Science Academy (TSA) came into existence in the year 2002, a vision of my father, Late Prof. Haren Bothra and his colleague and friends Dr.Lakshmi Goswami, Late Prof. Satyendra Nath Sharma and Late Dr.Hadi Alam Bora. It has been their dream to create a space which would open new windows to the current world for the children of the community that it belongs to.

Enriching and empowering the society at large is what heart and mind wanted. Children's eagerness to question their teacher and thereby answering them is what feeds their curious minds. It is the basis of their imagination and creativity which will someday make them stronger and successful adults. Infact, it might just be the most important skill that they might learn in life and is highly encouraged in TSA. After all, it is in wanting to know thta will realize in getting to know.

For these few thoughts, we at TSA are committed to continue this legacy and help the children realize their dreams. We at TSA committed to wear many hats, that of a guide, a counsellor, a friend and if need be a parent and be with the children every step of the way. It is our endeavour to encourage everyone to read, both teachers and children for the thirst for knowledge is never quenched.

We are here to inspire and be inspired by who wishes to join us in our endeavor and I welcome you all for an enriching experience here at TSA. Let us come together and cover the many important milestones that you are to achieve in these two years as one.

SOURAV BOTHRA

PRESIDENT, GOVERNING BODY

From The **PRINCIPAL'S DESK**

I welcome you to Tezpur Science Academy (TSA). It is my honour and privilege to be a part of TSA. This institution continuously strives to set higher standards in education year after year in this region of Assam. I am delighted that you are considering studying at TSA.

We cater to 200 students every year and strive to perceive and maintain quality education. TSA has the perfect teaching -learning environment focusing on individualized instruction, conceptual thinking and problem solving leading to academic excellence.

Our governing body which comprises of eminent educationists, doctor and businessman are obligated towards their responsibility in investing in our students, specially the ones who have the grades, the desire and will but not the fund. Thus,giving them an access to quality education.

The principal aim of the college is to develop the students into responsible independent individuals. And for that to happen I request the guardians to walk hand in hand with the college authority. I maintain an open door policy and I request the guardians to discuss any issue of importance so that we may move forward together.

With best wishes.

SURANJANA SARMA
PRINCIPAL

ABOUT

THE INSTITUTION

For an institution to be strong, a broader aim to serve and perseverance to achieve is of utmost necessity. Our institution, Tezpur Science Academy was established prioritising these goals. Established in the year 2002, the institution was a dream realised by few inquisitive teachers and professionals of the town, Late Professor Haren Bothra, Dr. Lakshmi Goswami, Late Dr. Hadi Alam Borah and Professor Satyendra Nath Sarmah who had in their minds a larger goal of serving the society by building an institution which would enhance the quality of higher secondary education in the field of Science. The institution founders felt the immediate need of a science college which would help instil inquisitiveness and zeal to study science among the young minds of the town and thereby making Tezpur Science Academy the first junior college of Tezpur. However, in the year 2015, the institution incorporated in their curriculum the subjects of Arts stream and since then have been flourishing and helping students grow in both Science and Arts stream. After the success of Arts stream, Commerce stream was also included in the curriculum from the year 2022. The institution is a part of the Tezpur Educational Society, a non-profit making body headed by the President Mr. Sourav Bothra and is assisted by the Secretary of the Governing body of Tezpur Science Academy, Professor Suranjana Sarma.

Owing to the changes in the education system with the New Education Policy, our institution plans to broaden its landscape and incorporate class VI to X in its academic structure.

Mission & Vision

...

Tezpur Science Academy (TSA) is rooted in the belief that every individual/student is entitled to educate oneself and the institution aims to gravitate the learners towards intelligence and skill based learning. It has a conscious and learned group of teachers who are dedicated to productive teaching and mindful learning. We, as an institution espouse a healthy teacher-pupil bond as it is fundamental for the growth of learning as a process as well as a destination. We believe every child is special and unique and therefore there are efforts to bring to the fore the latent talents of each student always. The faculty members are trained in a way that every student is given individual attention. We motivate students to grow into people of value and vocation. Development of their intellect and shaping their overall personality by helping them inculcate values of citizenry, sensibility and optimism is among our prime mottos. We, as a family of learners and teachers believe in growing into empathetic humans because the development of emotional quotient is central to our mental health and human existence in general as it makes us better individuals of our society. The institution gives special importance to the role that parents and guardians play in the development of the children's personality and therefore encourage active communication of the

parents with the academy and their children as well. We also, focus on fostering inquisitiveness among the students and train their intellect by organizing debates, quiz and talk sessions which would empower them academically.

We as an institution strive to feed the young and curious minds with the best of knowledge and we look forward to help each other grow for the better and achieve excellence beyond the conventional classroom education.

It is located in a sub-urban atmosphere in the fringe of Tezpur town. It is neither too remote nor is it overwhelmed by the hustle and bustle of the town, thus suitable for academic activities.

The Institution was initially established purely as a Science Institution. However, it has grown leaps and bounds in the last few years to have been able to include the Arts and Commerce stream along with the class IX and X in their curriculum as well. The curriculum aims to improve the knowledge, develop concept and skills and enough positive attitudes towards learning.

Faculty at Tezpur Science Academy :

The Institute has a team of highly qualified, experienced and dedicated teachers who are always ready give their best to the students. Our teachers are:

Total amount payable at the time of admission:

Total amount payable at the time of admission as 1st instalment: Rs 15000.00

(fifteen thousand only)

Amount to be paid in Septembers as 2nd instalment : Rs 8000.00 (eight thousand only)

Amount to be paid in December as 3rd instalment: Rs 6000.00 (six thousand only)

Amount to be paid in March as 4th instalment : Rs 3000.00 (three thousand only)

**Admission fee and other
dues once paid are not
refundable!**

APPLICATION FORM:

Application form, for all classes and streams appended to the prospectus is available in the College Office on payment of Rs. 150.00 per form OR can be downloaded online.

Please fill up the form and submit it to the College Office.

DOCUMENTS REQUIRED FOR ADMISSION :

1. Mark sheet of the last examination appeared.
2. Registration certificate
3. Birth certificate
4. Caste certificate (if applicable)
5. Migration certificate (mandatory for CBSE or other board students)

- * Incomplete applications or application received after the due date may be rejected without giving any information.
- * Classes shall start immediately after the last date of admission. The date shall be notified.
- * The original documents above must be produced at the time of admission for verification and return.

GENERAL NOTE TO THE GUARDIAN / LOCAL GUARDIAN :

It must be informed that Tezpur Science Academy is a caring community of the teachers and the guardians and their coordinated effort will unfold the future of the young men and women. The Academy, therefore, requests that the guardians / local guardians keep a close watch of their wards and also keep a constant touch with the authorities of the Academy to keep updated about the progress of their wards and also for discussion / remedial measures as and when necessary.

Let us all join our hands together for a bright future of our wards.

Mobile phones will be seized if found with the students inside classrooms.

Extra Curricular activities & participation of student in different activities:

EXTRA CURRICULAR ACTIVITIES IN THE INSTITUTION

Tezpur Science Academy organizes extra curricular activities for personal development among the students.

EXTRA CURRICULAR ACTIVITIES IN THE INSTITUTION

Tezpur Science Academy organizes extra curricular activities for personal development among the students.

CELEBRATION OF *World Environment Day*

PARENT TEACHER'S *Meeting*

We organise Parent Teacher's meet regularly. Such interactions are very necessary for the well being of the students.

SPORTS WEEK CELEBRATION AND FELICITATION PROGRAMME:

Every year we celebrate annual sports week which acts as a platform for the students to show their hidden talents. On the last day we officially welcome the new students to our Institute. Same day we felicitate those students who have excelled in different fields

Aid to Needy Students

AID TO NEEDY STUDENTS:

Education is of utmost important to one and all. It helps an individual to develop personally and professionally. This intern helps us to strengthen the backbone of the society. Every human being has the right to good education. However, many brilliant minds do not have access to it because of lack of funds. Tezpur Science Academy aims to support students who come from such socio-economic structure and be a part of their challenges every year by providing them free education.

SCHOLARSHIP TO THE RESERVED CANDIDATES :

In this Institution the students will avail all the scholarships (SC/ST/OBC/MOBC/Tea tribes) as per the Govt notification.

ABOUT DISCIPLINE IN THE COLLEGE:

Students must adhere at all the rules laid down by the College management. Any breach of discipline and conduct inside or outside the campus shall fall under review under these rules. Acts of indiscipline or misconduct shall be followed by punishment as thought fit by the College authority. We request our guardians to be active and vigilant regarding their wards activity so that they become good human being in future.

RULES AND REGULATIONS:

- * Refrain from damaging or defacing any college property.
 - * The minimum class attendance required for appearing in the final examination is 75%. Students falling short of the same shall not be allowed to appear in the examination.
 - * The use of mobile phones in the College is strictly prohibited. We hope the guardians will appreciate this step and would take appropriate measures in this matter. Accordingly mobile phones once taken away from any student inside the College campus by any authorized person will not be returned to him/her till the completion of the H.S. final examination.
- However, we assure the students and the guardians that College land phone or any mobile phone will be made available to them for use in case of emergency.
- * Ragging of the new comers by the senior students is prohibited and any violation shall be strictly dealt with, even leading to rustication from the College.
 - * Other such measures that may be required to be taken in future for maintenance of discipline will be notified for information of the students and guardians.

SECURITY IN THE COLLEGE:

The college premise is under strict security watch by professional security agent and is under 24 Hrs CCTV surveillance. Hence any misconduct by any students/ outsiders will be dealt with strict actions.

ABOUT CLASSES:

Classes in the Academy are held regularly. Holidays, vacations and cancellation of classes are minimum which enables us to complete the specified syllabus in time.

The commencement of the 1st year classes is dependent on the publication of the result of the HSLC examination by the SEBA / CBSE.

However, we take appropriate steps to expedite admission and start the classes immediately after the publication of the HSLC result.

The 2nd year classes starts from the first week of May.

2nd year practical classes starts within a fortnight from the date of commencement of the theory classes.

The 1st year practical classes starts within a short period from the date of admission.

Classes in Environmental Science are conducted with due seriousness and lot of projects are done by the students.
